**BREAK GROUND FOR MUNICIPAL PARK** — Fred Kauffman, second from right, Chairman of the Crawford County Parks and Recreation Commission, with Derek McEvers, Mayor of the City of Grayling break ground for the improvement of the Grayling Municipal AuSable Park, located to the south of the County Building. Also pictured, at left, William Valusek, City Manager and Willard Bosserman, at right, County Extension Director.

Fred Kauffman, Chairman, County Parks and Recreation Commission received word to go ahead with park improvements. This notice gave him word that a grant from the Michigan Department of Natural Resources recreation bond fund had been approved. Work can begin on the improvement of the Grayling Municipal AuSable Park.

The park improvements include some playground equipment, a new foot bridge across the river, landscaping, hard surfacing the parking lot and expanding the park. Expansion will include some land across the river and part of the land between the county office building and the river.

The grading and seeding of the county building is to be done yet this fall, according to Kauffman.

Other park programs for which funds were sought include a new tennis court at the Grayling Elementary School and a tennis court-skating rink in the Frederic Park.

An overall park and recreation plan was developed by the park commission with assistance from Willard Bosserman, County Extension Director, Kenneth Nepper, District Conservationist and Northeast Michigan Regional Planning and Development Commission.

The Crawford County Parks and Recreation Commission has the following members: Fred Kauffman, president, Mrs. Lora Gould; Mrs. Alfred Harland, secretary, Bernard Fowler, John Kier, William Valusek, Earl Longworth, Harold Johnson, Al Westervelt and Mrs. Walter Truettner.

## \$20,000 Budget Adopted for North Central Mental Health Clinics

A \$20,000 budgetary goal for the fiscal year 1971-72 was adopted by the Board of Directors of the North Central Michigan Mental Health Centers, Inc. at a special meeting held recently in Houghton Lake.

The group, composed of interested citizens from the counties of Crawford, Missaukee, Roscommon and Wexford, have been working for more than a year toward the establishment of a local clinic to diagnose and treat children and adults with behavioral, emotional and mental problems.

Accomplishments thus far include organization at the local level, incorporation as a non-profit corporation at the State level and inclusion of a funding request in the budget of the State Department of Mental Health.

The proposed clinic has the support of the Director of the State Department of Mental Health and the group has been provided with assistance from the State in the form of an Acting Director, Lisle Earl, who provides professional advice as well as acting as liaison with the State Department.

Designated as a State-Local clinic, the State will provide salaries for the professional staff, expected to be about \$56,000 for the first year, while the communities served will provide local supports including office space and clerical staff.

The budgetary goal of \$20,000 is set up on a county quota based (See Mental Health on Page 14)

**To Hold Reception**

## Devere Benware Dies Following Car Accident

Devere Benware, 59, of Ossineke and former Grayling resident, became Crawford County's third traffic fatality of the year Friday night.

According to Gaylord State Police, Benware died at 8 p.m. Friday at Mercy Hospital from injuries sustained in a single car accident early that morning on M-72 east of Grayling near Smith Bridge Road.

His wife, Jean, was also injured in the crash and is a patient in Mercy Hospital suffering from multiple fractures and her condition was listed as "fair" as of Monday afternoon, hospital officials said.

According to police, Mrs. Benware was driving the car at the time it ran off the eastbound lane of M-72 and rolled over. Officers said that both Benware and his wife were thrown from the auto which flipped over pinning Mrs. Benware beneath the wreckage for two hours.

### Agency Group To Learn About Mental Health Clinic

The Crawford - Roscommon County Social Agencies will hear Lisle Earl tell about the local Mental Health Clinic, September 28.

The group will meet at the Chief Shoppenaggon Motor Hotel starting at 11:45 a.m.

Lisle Earl is with the Child Guidance Clinic at Traverse City. He will give a report on the progress of a mental health clinic for the two county area.

The social agencies group is composed of people who render services to other people. Some of the agencies represented are: Health Department, Bureau of Social Services, Cooperative Extension Service, Probate Court, County Commissioners, schools, COOR, One-Cap, Inc. and Ministerial Association.

Willard Bosserman, County Extension Director is the president, Rev. Paul Frederick is Vice President and Mrs. Hope Gothan is Secretary-Treasurer.

Better communications and coordination between agencies is their goal.

### WW I Veterans Hold Fall Conference Here

The fall conference meeting of the Third District of World War I Veterans was held Saturday, Sept. 18, at the American Legion Hall. A ham dinner was enjoyed at 12 o'clock with the meeting following.

Barracks from Sault Saint Marie, Branch, Bay City, Flint, Owosso, Saginaw, Oscoda, Standish, Pontiac, Midland, Detroit, Harrisville, Grand Rapids, St. John and Cheboygan attended. We were sorry to hear that Mrs. Leslie Van Houten had passed away. She was president of Cheboygan Auxiliary 2059.

My appreciation to the ladies of our Auxiliary who donated pies and helped make the dinner a success, also the ladies from Legion Auxiliary 106 who helped in the dining room. I could not have done it without your help.

Marie Daly, president Auxiliary 3358 Grayling

### HOME EXTENSION KICKOFF MEETING

The annual Home Extension kickoff will be held Thursday, Sept. 23 at the Gerrish Township Hall in Roscommon. It will begin at 9:00 a.m. and be over at 3:00 p.m. There will be a program. Bring a guest and a dish to pass. You need not bring your table setting or silverware.

## Lay-Witness Mission Here

The Michelson Memorial Church will be host to a Lay Witness Mission on the weekend of October 1, 2, and 3. Lay People from across the Michigan, Ohio and Indiana borders will be coming to Grayling to lead the M. M. Church and the community in a deepening and broadening of the Christian faith.

Under the direction of Harold Sauceman, an United Methodist Layman from Youngstown, Ohio, five youth and fifteen adults will talk with adults and youth about the Christian faith: what it means in a man or woman's personal life; how it helps to solve definite private, home and social problems; how it brings meaning and purpose for living.

### Found Guilty on Drug Charge

A jury of four women and two men found Michael Staley, 18, of Kalkaska guilty of the use of marijuana in a trial held in District Court Thursday and Friday, September 16 and 17. Sentencing was deferred until a later date.

Staley had stood mute and demanded a trial by jury at his arraignment on June 19. He was arrested by officers from the Crawford County sheriff's department.

### New Owner Of Mike's Sunoco

Announcement was made last week of the purchase of Mike's Sunoco Service on I-75 Business Loop, South, by Vaughn Sherman of Grayling.

Sherman had previously operated Vaughn's Mobil Service on Cedar Street, and has been a resident of Grayling since 1967. He and his wife Sandy have two children, Woody, 10 and Steve, 8. They moved here from North Carolina, following his discharge from the United States Air Force.

Mike Lapka, former owner of the Sunoco Service, stated that at present his plans are indefinite, but will spend the winters in Florida.

### Scout Pot Luck

Troop 177 is having a pot luck dinner for their families and for the troop committee on Monday, Oct. 4, at 6:30 p.m. in St. Mary's Hall.

### School Notice

Inservice Day scheduled for Friday, Oct. 8, has been rescheduled to Friday, Oct. 29. All schools will close at 12:00 noon on Friday, Oct. 29, 1971.

What looked like the start of a romp over the Houghton Lake Bobcats last Friday evening, turned out to be a nightmare, as the visiting Bobcats scored a 14-8 nonconference win over the Vikings.

The Vikings will now have their work cut out for them this week as they prepare themselves for next Friday night when they journey across the Straits to take on the St. Ignace Saints, members of the predominant Class B Michigan-Huron Shores Conference.

The St. Ignace game will be a fore-runner to what may be expected for next year, when the Vikings will join M-H S Conference.

Jim Tobin took Houghton Lake's first punt of the night and raced 84 yards down the sidelines to give the Vikings a quick 6-0 lead. Kim Parkinson ran the conversion for an 8-0 lead with 6 minutes gone in the first quarter.

Tobin gained 119 yards on punt returns to give the Vikings 309 total yards on offense, but just lacked the scoring punch when it was needed.

A new seating arrangement at home games has been instituted, with students splitting the large bleachers on the south side of the field and the adults on the north side. It is hoped this arrangement will make the game more enjoyable for all spectators, a school spokesman stated.

## Local Club Opens Rifle and Pistol Range To Public

The Grayling Sportsman's Club extends a welcome to local and visiting sportsmen to use the rifle and pistol range located behind the clubhouse. However, it is apparent that some of the people using the range lately have not been sportsmen. Therefore, the following rules will have to be observed if the range can remain open to non-members:

1. No bottles or other glass can be used as a target.
2. Only the provided wooden target holder should be used to hold targets.
3. All used targets and other litter should be placed in barrels located behind the clubhouse.
4. All firing should be done from the provided bench rests.
5. Bench rests and picnic tables must be left where they are.

Remember, this range is being maintained for your pleasure and safety by volunteers in a non-profit organization. Please help by cleaning up the target area after you shoot.

Viking defensive mistakes constantly kept them in trouble as they allowed the Bobcats 77 offensive plays and over 300 yards on offense.

The Vikings held an 8-6 lead into the 4th quarter, when a fumble on a punt gave the Bobcats the ball on Grayling's 35 yard line. Several plays later, Paul Mackey, 6'3", 208 lb., running back for the Bobcats scored the touchdown to put the visitors in the win column.

The Bobcats sealed their win late in the ball game when they intercepted a Terry Fitzpatrick pass, and held on for the victory.

Fitzpatrick hit on 4 of 15 pass attempts for 74 yards. Two interceptions and two fumbles cost the Vikings the ball on offensive drives. Fitzpatrick was the leading groundgainer with 43 yards on 8 carries from scrimmage.

Tobin gained 119 yards on punt returns to give the Vikings 309 total yards on offense, but just lacked the scoring punch when it was needed.

A new seating arrangement at home games has been instituted, with students splitting the large bleachers on the south side of the field and the adults on the north side. It is hoped this arrangement will make the game more enjoyable for all spectators, a school spokesman stated.

A fire of still undetermined origin, struck the magnesium bow handle building at Bear Archery last Saturday morning at about 11:50 a.m., destroying most of the contents and the building.

Besides the Grayling Volunteer Fire Department, three fire fighting units of Camp Grayling and the Frederic Twp. Fire Department answered the call. The latter two were called for stand-by precautions.

The local department brought the fire under control within about three hours.

The fire was discovered by William Reichelderfer, of Grayling, a Bear employee, who immediately contacted Duane Thompson, Magnesium Dept. Supervisor. Thompson had the fire department called and started factory evacuation procedures.

The 25 by 52 foot building was used for the dual purpose of magnesium bow handle processing and storage of liquid materials. A fire wall between the two areas prevented the blaze from spreading into the storage area.

Volunteer firemen kept spraying water on the wall and on the storage drums, lessening the danger to a great extent.

Cause of the fire was still unknown as press time, pending an investigation by the State Fire Marshall and Bear personnel.

Until a complete inventory of all items in the building can be taken, the value of the loss is unknown, a Bear spokesman said.

However, there were about 1,000 magnesium handles in process at the time of the fire. These are a total loss, as is all the equipment, tools, jigs and fixtures, officials added.

Rebuilding will begin as soon as the necessary investigations are completed, Bear officials indicated.

The Bear magnesium handle is the newest in the Bear line and is used extensively in the Bear Take Down bow.

Not all handles were destroyed, officials stated. Many were already in the shipping department and will continue to be sold as usual.

### WARNING

The Tank Range at Camp Grayling, located North of the North Down River Road and East of the East Branch of the AuSable River will be closed for Range firing 25 and 26 September 1971.

The Artillery Range at Camp Grayling, located North of County Road 612 and South of the North Branch of the AuSable River, will be used by National Guard Units 25 September through 3 October 1971 for Range firing.

The Known Distance Ranges, located South West of Lake Margrethe will be used for small arms firing 25 and 26 September 1971.

These ranges will be closed on above dates and all persons are warned to stay out of these areas.

## Emergency Employment Allocations for Northeast Development District

Alpena — More than 100 county, city, and school district officials from Michigan's Northeast Economic Development District, met with members of the Governor's special Emergency Employment Task Force here today to familiarize themselves with the guidelines and regulations governing the use of their share of state's Emergency Employment Act allocations.

The eight county area is expected to receive \$339,600 during the next 12 months as a result of the EEA program signed into law by President Nixon in July.

### Troop 177 Needs Leader

Due to the tragic loss of their leader, Larry Heric, Troop 177 needs a scout master. Anyone who is interested and willing to serve as leader, please contact Fraser Dean at 348-9394 or Earl Whaley at 348-7143.

### MILITARY MAILBAG

PFC Michael D. Neilson, 50 1719, 518 AC, PSC (MACB-DIV), A.P.O. San Francisco, Calif. 96312.

The money has been allocated to county governments in the first instance, and county boards must work out a method of equitably distributing the money to meet the needs of the units of governments and school districts within their jurisdiction.

Local governmental units were not expected to get into the EEA spending picture originally. The money allocated to be spent in the 65 which make up the so-called balance of the state (cities and counties having less than 75,000 populations), was originally slated to create state jobs.

Noting that local units of government have generally been hit harder than the state by the current economic downturn, the Governor pulled a switch and allocated the state's \$13 million share of the \$44 million in EEA funds to be spent in Michigan to cities and counties.

"Many cities and counties have been forced to cut back on badly needed law enforcement, health, conservation, and education services," Governor Miliken said. "These funds can be instrumental in helping local communities meet these service needs as well as reduce unemployment," he said.

Local officials were attentive at the meeting which was sponsored jointly by the Governor's Task Force and the Northeast Economic Development District. Only units of government and school districts which levy taxes are eligible to receive money under the program. All of the money must be spent for wages and fringe benefits, local communities must match their grant with 10 per cent, and all administrative costs must be covered by the cities and counties.

Alpena county, the largest county in the district, showed a May unemployment rate of 12 per cent and will receive the district's largest grant. Cheboygan County's 15.6 per cent rate was the highest in the district. (See Allocation on Page 14)

## Jack Pine's Stump

Courage shows up in most people at one time or another, but usually when they are faced with unusual emergency situations. In many cases it takes the form of a cold fury, as in war. Sometimes to save a life, people take actions which under other circumstances would be sheer insanity. But the sort of courage which is probably the greatest is that which is shown by those who, strictly in the line of duty, and in full control of their mental facilities, take calculated risks as a matter of course. Such is the kind of courage shown by policemen and firemen. The fire last Saturday at Bear Archery was a good example of what I mean. The 20 by 50 metal building which was afire is divided into two parts. In one end was the section where the Archery processes its magnesium bow handles. This is where the fire started. Magnesium burns with a heat and an intensity that is almost unbelievable.

At the other end of the building and separated by a fireproof wall, were stored barrels, some of which contained highly volatile liquids. Many had warnings to keep away from heat and flame. The firemen knew this, and were well aware that if the flames went through the wall, or if the heat became too intense, there could be serious explosions which could conceivably do extensive damage to the main plant. Nevertheless, these men, all volunteers, broke thru two windows, forced open doors and during the blaze sprayed water against the fire wall and over the barrels. They never once backed away, even during the most intense heat just 25 feet away. They kept the hoses working all the time, in full knowledge if just one barrel went up, they'd have little chance to get clear. To me, that takes raw courage — the kind we rarely witness.

I, for one, hope that this community realizes the value of our volunteer fire department — made up of men who have regular jobs and other responsibilities, yet drop everything when the fire whistle blows. I hope that the next time a volunteer fireman comes around asking for a donation to promote their work and other activities (they pay for and put on the Fourth of July fireworks display) that every citizen will find it possible to add his individual support.

According to the Houghton Line, when a girl says she never drinks anything stronger than pop, you'd better find what pop drinks.

And from the same publication comes this little gem: The teacher complained, "It's bad enough that he's the worst behaved kid in school, but to make

it worse he has a perfect attendance record."

Saturday morning about nine o'clock I was staring vacantly out the window when, lo, I saw a small bird sitting on the walk. It was a hummingbird, and in all my nearly half a century of stumbling through this life, I have never seen a hummingbird at rest. So for ten minutes I watched the little fellow, fully convinced he must be injured. But he wasn't, he was just resting, I guess. He wasn't particularly pretty, but looked rather drab with his brown color and grey breast. I have read that hummingbirds in this area are generally called Ruby Throated Hummingbirds. There was nothing ruby about this bird. Someone told me once that this little bird's wings beat at the rate of 2,000 times a minute, which may be the case, (but how would you count that?) but their wings don't really beat, they "vibrate". I don't know why I bring all this up, except that I was happy to find out that the bird did rest and what he looked like at rest. So, happy with this new-found information, I went and brushed my teeth.

According to a certain John Newborn, quoted in "Bite and Pieces", people can be divided into three groups: Those who make things happen, those who watch things happen, and those who wonder what happened.

## Inflation Warning Up

The difficulties inherent in mixing politics and economics become more self-evident everyday. A Republican Administration, with a presidential election just over the horizon, is working to hold down spending for fiscal 1973, but a Democratic Congress has its own spending plans.

The President's "election-year budget" promises to be determined more by political pressures than by economic considerations. Business Week reports that, "The Democratic-controlled Congress already is having a powerful influence on that budget. The welfare reform bill . . . would raise Social Security benefits by about \$5 billion above Administration requests, and the cost of the proposed family assistance program by about \$2 billion above what the Administration asked . . . 'Congress is going crazy on the budget,' complains one despairing budget advisor."

Politics and runaway political spending programs have fueled inflation and threaten to wreck any attempt to manage the economy in an orderly manner, just as they threaten to wreck the ability of the average family to plan its own economic future.

ST. CLOUD, FLA., NEWS: "Our American Democracy is the subject of the most criticism from its people of any government in the world. But it is still the best government ever devised by man. The very criticism which our people hurl at it is because, here in America, people are free to criticize. The right to dissent peaceably is one of our most cherished freedoms. We can cuss it and damn it. We can holler our lungs out about 'Why don't they do this?' or 'Why don't they do that?' We can even parade the streets with banners of protest. But not one of us would trade it for that of any other government in the world."

CASSVILLE, MO., REPUBLICAN: "Charges that the nation's welfare program is a monumental failure is an overstatement. Never in the history of this nation has there been a scheme that has succeeded so well in making paupers out of those who would otherwise be doing well."

## LOCAL YOUTH ATTEND RETREAT

Thirteen Grayling youth went to Simpson Park Camp in Romeo for a retreat the weekend of Sept. 10-12. The retreat was sponsored by the Spokesmen, a group of teens from Christ Methodist Church in Fraser. They bicycled to churches over many parts of Michigan this summer, and performed and witnessed at Michelson Memorial Methodist Church in July. At the end of their singing and witnessing tour, they invited youth from all the churches to a retreat in Romeo.

Among the two hundred youth at the retreat were the following from the Grayling area: Connie Morningstar, Carol Hatfield, Paula Hunter, Winnie Junttila, Susan Burns, Gary Fox, Gary Beatty, Steven and Douglas Moon, Teal Wooley, Joann Morrison, Idaleen Larkins, and Nancy Funck. Mrs. Ernest Moon was a sponsor and rap leader. Rev. Pamela Adams, the new Minister to Youth at Michelson Memorial Church, was one of the main speakers, as well as a rap leader.

Joining them were two girls, Renee Shimkovitch and Lana Litzner of Zion Lutheran Church of Moran, and Mrs. Allen Elenbaas with her two sons John and Steven from the St. Ignace United Methodist Church.

The retreat included music from the Spokesmen, sermons, discussions, a movie, games, and a talent show. It also included an opportunity for the youth to meet God, and to grow spiritually. The youth were sorry to leave the loving atmosphere of the camp, and are looking forward to going again.

## BITS O' TALK

The Wednesday night buncle club started their fall playing season on Wednesday, the 15th, at the home of Alice Galvani. High score for the evening was held by Bonnie Kucharek with Madalyn Kucharek having second high and also winning the door prize. Eleanor Melsaac had low. The next meeting is on Sept. 29 at the home of Eleanor Melsaac.

Wednesday callers last week at the home of Mr. and Mrs. Carl Hanson were Mrs. Minnie Matts of Lutz, Fla., Mrs. Edna Owens of Caro and Don Verellen and son of New Jersey. While here they also called on Jean Jackson at Beaver Bend Lodge. Minnie and Don came up to Caro to attend the funeral of their father, who passed away weekend before last.

Spending Thursday with Mr. and Mrs. Clarence Linsenmier were their son-in-law David Zimmerman and his son, Allen of Tecumseh. Other guests of the Linsenmiers recently for a weekend were Mr. and Mrs. L. A. Porath of Jackson.

## Grayling Youth on CMU Homecoming Committee

MT. PLEASANT — Robert L. McIntosh Jr., graduate student at Central Michigan University is publicity chairman of CMU's Homecoming October 23. He is the son of Mr. and Mrs. Robert McIntosh, 221 Dale Street, Grayling and a 1965 graduate of Grayling High School.

Robert is majoring in business administration and is following an economics minor. Active on the CMU campus, he has served as past officer and is a member of Pi Kappa Phi social fraternity and the CMU chapter of the American Marketing Association. Last year he served on the Inter-Fraternity Council Greek Week Steering Committee.

Currently, Robert is treasurer of the student body. He will also be coordinating programs on campus for an ecology center and for student government financial independence.

Mr. and Mrs. A. J. Nelson had her mother, Mrs. Blanche Heffner spend a week here with them. While here Mrs. Nelson and her mother went to a trip to Mackinac Island, where they enjoyed the surry ride around the island. Mrs. Nelson took her mother back home to Flint on Monday of last week and spent the night returning home on Tuesday.

Visiting the Leonard Allison's for one week were his cousin, Walter K. Nigdel and wife from Daingerfield, Texas. While here, they toured the various points of interest in and around Grayling, and made a one-day trip to the Canadian Soo. Their last visit to Grayling was in 1951 and they were impressed with the progress of the town since then.

Mary Kay Hunter, daughter of the Les Hunters, has gone to Marquette where she started her freshman year at Northern Michigan University.

Rita McEvers and Kay Hall accompanied by Mary Houle spent a day in Bay City recently picking tomatoes. Between Rita, Kay and Rita's mother they picked quite a lot of tomatoes. Mary went along for the ride.

## Grayling JV's Win 8th Straight 44-0

By Coach Chuck Mires, Asst. Lacey Stephan

The JV's dumped the Houghton Lake Bobcat JV's last Saturday evening for their eighth straight win including seven wins for last year's undefeated team.

An aggressive defense unit headed in tackles by Wayne Westervelt, Dan McClain and Jim Benedict thoroughly bottled up the young Bobcats offense. The defense unit also scored a first quarter touchdown, when Westervelt blocked a punt and tackle Jim Benedict picked it up and rambled 20 yards for the score.

Offensively the Vikings were led by the running of Kevin Zimmerman, Walt Kozicki, and Jim Bohennoy and passing arms of Wayne Westervelt and Chris Duncley who hit on 5 of 5 and 4 of 12 respectively. Jim Bohennoy with five receptions and three touchdowns lead the receivers. Dan McClain made a fantastic leaping over the shoulder catch for a touchdown and Bert Kaiser hauled in a Duncley pass for yet another score.

The JV's next opponent is Kalkaska in Grayling this Thursday evening at 7:30 p.m.

## Grayling and Gaylord St. Mary's Tie

On Monday of this week the Grayling freshmen football team hosted Gaylord St. Mary's and played to a 16-16 tie. Grayling scored the first two TD's of the game. One on a 35 yard run by Bonamie and conversion by Hall. The other on a sweep by Duley for 25 yards. Extra point to Tobin was good. Score 16-0. Gaylord scored in the 2nd and 3rd quarters.

Considering this was the first ball game for both teams, it was played well. On offense for Grayling, Hansen, Bonamie and Tobin kept the ball moving. Canfield, Moers, Gidner and Hiesel played well on defense. Coach Lehti stated.

Grayling freshmen will next host the Cheboygan team next Wednesday, Sept. 29 at 7:00. See you at the game.

## New Reading Program

After a year of extensive study and review of several basal reading programs, the Crawford and Sable Schools have adopted a new basal reading series starting with the current school year.

Called the Ginn 360 series, the readers present a multi-leveled approach to reading instruction. The chief differences between the new system and the old are the greater number of levels or steps provided for the child as he progresses through the program. The books are not geared to grades or grade levels but to reading levels, thus enabling the teacher to better tailor his instruction to the child's level of ability.

Shirley Whipple, reading specialist for the school district, was in charge of the study and was assisted by several teachers.

### Five Generations

Five generations of women were completed with the birth of a daughter to Mr. and Mrs. Mike Kelly of Flint on Saturday, Sept. 18 at Flint Osteopathic Hospital. The young lady weighed in at 5 pounds, 14 ounces and may be named Marcie. Her grandparents are Mr. and Mrs. Marty Kitchen and Mr. and Mrs. Pete Kelly of Grayling, great-grandparents are Mr. and Mrs. Art Clough Sr. and great grandmothers, Mrs. Agnes Nelson and Mrs. Rachel Kitchen and great great grandparents Mr. and Mrs. Frank LaMotte, all of Grayling.

## Obituaries

### Services Held Here For Devere Benware

Funeral services were held at Sorenson Funeral Home Monday for Devere Benware of Ossineke, former Grayling resident. Mr. Benware died at Mercy Hospital Friday of injuries sustained in an accident.

He was born September 12, 1912 in Cadillac. He had lived in Ossineke for eight years, having moved from Grayling 15 years ago. He had also lived in Gaylord and Roscommon and was retired from General Telephone Co. where he was Wire Chief.

Rev. Paul Frederick officiated at the one o'clock service and burial was in Elmwood Cemetery.

Mr. Benware is survived by his wife, Jean; his mother, Mrs. Eva Crane of Grayling, one son, Thomas of Bay City; one daughter, Mrs. Peggy Michalski of Standish; a brother, Elgin Benware of Roscommon; a sister, Mrs. Ruth Glance of Mio and six grandchildren.

Pallbearers were Bill Hoffman, Bud Hoffman, Marty Kitchen, Jay Stephan, Ralph Millikin and Mary Hallatt.

A YOUTH HAPPENING will be held at the Rap House, 212 Michigan Ave., with Larry Riley on Sept. 23-25, Thursday-Saturday at 8:00 p.m. Larry will be singing and providing special music along with talking and listening to youth. To-day's youth want to know and have searching questions and are looking for something that satisfies. Come and hear some pointed and realistic answers. Bring a friend. Everyone is welcome.

### Women of the Moose

Our Sept. 20 meeting was called to order by Senior Regent, Maggie Miller with 12 members present. We also had as our guest Matilda Wilson of Coldwater, formerly of the International Board of Academy of Friendship.

Our new junior regent, Leola Fitzgerald, was installed. Installing Regent was our guest, Matilda Wilson and installing Guide was Lucille Tetting. Following the installation a question and answer period was held with our guest which was very informative.

Our next meeting will be held Oct. 4. See you there. Ruth Towsley, publicity

### CARD OF THANKS

We would like to thank the many friends and neighbors for their sympathy and many kindnesses during our loss.

Also, Dr. Merritt and the Mercy Hospital staff for their tender care of our loved one. The family of Robert Don Sims

### CARD OF THANKS

I wish to thank Doctors Dosch and Burkley and the First floor staff for their care. All the Clergy from Grayling and Frederic that visited and friends for their cards, flowers and visits while I was in the hospital. Abbie Madill

For the price of a new Skylark 350 you can own a Buick.

You'll find Buick's Skylark in a price class you're very used to. But with a lot of things that might be very new to you.

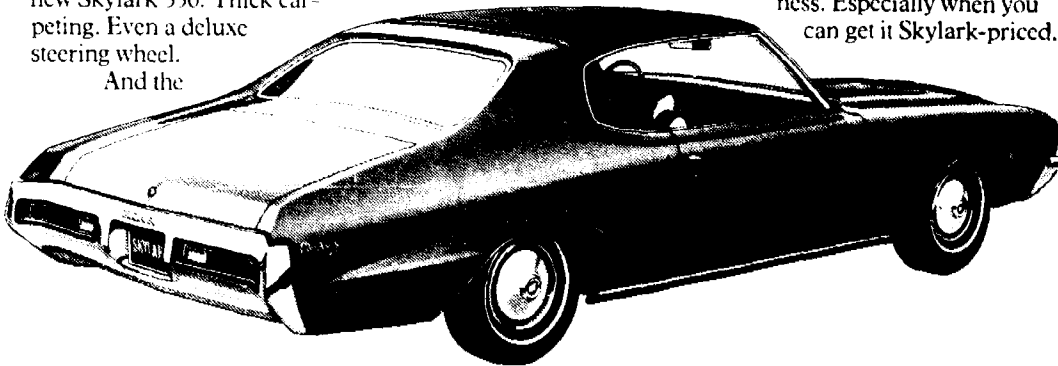

Like Buick comfort. The rich cloth seats standard in our new Skylark 350. Thick carpeting. Even a deluxe steering wheel. And the

Buick ride. Smooth and quiet.

Plus Buick engineering and performance. A standard 350-cubic-inch V8 that's responsive, yet economical. With Buick technical advances like

nickel-plated engine exhaust valves and a semi-closed cooling system.

This year, perhaps more than ever before, you ought to consider getting all this Buickness. Especially when you can get it Skylark-priced.

## Thought For Food

How long should you keep food in your refrigerator? To maintain best quality, you should use it within one week.

Possibly a roast is the classic convenience food. Into the oven it goes and out it comes ready for the table. Yet what can equal a roast when it comes to eating satisfaction?

For a delicious open face sandwich, place smoked salmon and scrambled eggs on white bread. Sprinkle with chives.

Agriculture is a \$55 billion customer in the American economy, and export of farm products provide approximately one million new farm jobs.

More than 7,000 varieties of apples have been grown and named, including hundreds in the United States alone.

**Fish Tale**  
Biologists estimate that there are 25,000 species of fish in the world today.

## Tasty-Topic

**Hamburger**  
2 pounds pork sausage  
2 tablespoons water  
2 large onions, each cut into 4 slices  
1 medium-sized onion, cut into 8 slices and separated into rings  
8 hamburger buns, warmed

Shape sausage into 8 patties, 1/2 to 3/4 inches thick, 3 to 4 inches in diameter. Place in a cold frying pan, add water, cover and cook over low heat 5 minutes. Pour off drippings. Cook patties slowly on both sides until well done. Place patties, tomato slices and onion rings between halves of warmed hamburger buns.  
Yield: 8 sandwiches.

## SUNDAY'S SERMON

THE NON-MATCH ACT?

**Be Sure**  
"Be sure you're right, then go ahead."

This quote is attributed to an American frontiersman, Davey Crockett. It's a rule that all of us could apply in the effort to achieve successful living.

Be sure you're right. If you are sure, you have taken into consideration the rights and privileges of others. There is nothing selfish in your actions that will bring harm or discomfort to family, friend or neighbor.

Go ahead. If it is something that needs to be done, let with it. Some tasks appear more difficult than they really are. Problems have a way of becoming tougher as time slips away. When we get after a job and get it done, we often realize that we put it off and worried about it more than was necessary.

"If It Fitz . . ." By Jim Fitzgerald

## What's the sex of a tear?

No longer will I hide my red eyes behind a newspaper. From now on I'll blubber out loud, just like a woman.

"It is unfair that men are made to feel ashamed if they cry." So decreed the American Psychological Assn in convention in Washington the other day.

Yeah.

A woman can bawl anywhere, anytime. My wife cries tears of joy at grand openings of shopping centers. She cries patriotic tears when flags go up at railroad crossings. She cries tears of sympathy when the Tiger manager yanks a pitcher. Once we watched a bum named Sparta walk 4 men in a row and the fans booed him something terrible. She sobbed so hard I had to help her from the park.

But nobody ever makes fun of her. They just peg her for another warm-hearted dame who must be a wonderful person and a grand friend to dumb animals.

But let some guy bawl in public and he is immediately pegged as a freak, possibly perverted and certainly a Mama's boy. People laugh at him.

An example: Recently I was trapped in the same room with that dreadful TV show, This Is Your Life. The surprised subject was fat Junior Samples from the Grand Old Opry by way of Hee Haw. I guess Junior is a comedian but you'd never have guessed it that night. He cried huge tears for 30 straight minutes, even during the commercials. They brought out some clown who'd sold him a bag of feed in 1930 and Junior collapsed, a lachrymose lump, completely overcome by nostalgia.

My wife and daughter fell into each other's arms laughing. "Look at that big boob," they

said.

If it had been a woman, they would have matched her sob for sob.

Why is that, doctor?

1 of the convening psychologists explained it simply: "I can't help feeling, in situations where I want to cry, that a woman—as well as a man—would question my masculinity if I did." Men, he said, are forced to put their masculinity on the line again and again. And it isn't fair. If both sexes are to have equal opportunities and equal awards, as the women libbers insist, the right to cry must be included. The world would be a better place.

Sad movies and TV shows make me cry. There's a TV program called The Courtship of Eddie's Father that grabs me every time, even on reruns. This little kid is always giving his prized goldfish to his worst enemy. Then the enemy kicks Eddie anyway and he must turn to a Chinese cook for comfort because his mother died of a horrible disease before he was born. At this point some member of my nosy family peeks behind my newspaper and hollers, "Hey everybody, Dad's got red eyes again."

I can then either run from the room in shame, or stay and insist that my eyes are watering because I'm allergic to the stupid cats which I certainly wish my Eddie would give to his worst enemy.

Either way, it is humiliating and an injustice to the masculine sex. A man should be able to cry, just like a woman, without fear of derision. After all, who can determine the sex of a tear?

Women's lib, meet men's sob.

## Annual Chamber Dinner Set

The Annual Dinner of the Grayling Regional Chamber of Commerce is scheduled for Thursday evening, Oct. 7th, at Chief Shoppenagons Motor Hotel.

This annual event kicks off the Fall Season and is an opportunity for folks to meet folks. We have an unusually large number of newcomers to the area, and this will give everyone a chance to meet and talk with them.

The social hour will begin at 6:30 p.m., followed by dinner and the program at 7:30 p.m. An exceptional program and speaker has been arranged.

Tickets are limited to 125 and are on a reservation basis. Reservations may be made by calling the Chamber office, 348-3336, and the cost is \$5 per person.

CONSUMERS' CORNER

Are cloth napkins more economical than paper ones?

Yes, over a period of time, cloth napkins are more economical. Sales of cloth napkins are up this year, but there is a controversy over whether they are actually making a comeback.

Few textile retailers or manufacturers think fabric napkins will ever completely replace the paper products, but they point to four reasons for the current trend to cloth.

The emergence of permanent press textiles has made cloth napkins easy to care for.

As people look for ways to lighten the budget, they see paper products as one place to cut down.

The ecology controversy, with its emphasis on reusing household items, has prompted many homemakers to eliminate paper products.

Finally, there is a trend toward more home entertaining which many retailers think is spurring their sales of cloth napkins, placemats and other table covers.

## Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q I heard that since my wife and I both work we won't have enough taxes withheld from our paychecks to keep from owing money at tax time. What can we do to change this?

A Estimate the amount of tax that will be withheld from your wages this year and the tax you will owe. This can be done by consulting tables available from your employer or local IRS office.

Then adjust your withholding to take care of any expected tax liability by filing a withholding certificate, Form W-4, with your employer, claiming fewer exemptions and, if necessary, having additional dollar amounts withheld.

Q I went to a turkey dinner sponsored by my church.

Can I deduct the cost of the ticket as a charitable contribution?

A Part of the cost may be deductible. If you paid more than the fair market value of the supper, the excess would be a charitable contribution. For example, if the supper had a fair market value of \$3 and you paid \$8 for a ticket, the excess of \$5 will be a contribution to the church, if the net proceeds of the supper go exclusively to the church. This is true even if you don't use the ticket.

Q Are Social Security benefits taxable?

A No. Social Security benefits are not taxable, whether they are received from the federal government

or from a state under the Federal Social Security program.

Q My son will begin college in the fall on a \$1,000 scholarship. Will this scholarship have any effect on whether I can claim him as a dependent next year?

A No. Amounts received by a child, stepchild, or adopted child as a scholarship are not included in determining total support.

Q I'm a doctor and I subscribe to a medical journal. Can I deduct the subscription price of the publication when I file my return next year?

A Yes. Subscriptions to professional journals related to your business or profession are a deductible business expense. Also, if you are an employee, you may deduct the subscription price of the publication as an employee business expense incurred in earning taxable income. If you itemize deductions.

**LIVING- AS YOU LIKE IT**  
...and get more from the GOOD YEARS

By Francis Nugent

Money is important in the retirement years, but it isn't everything. We know a couple who retired with enough financial security to be quite choosy about a retirement site. They have had retirement homes in three different parts of the country — and are still looking around.

The simple truth of the matter is that they are looking for a retirement paradise that does not exist. The climate is wrong in one area; recreational facilities are absent in another; a third does not offer all the desired recreational and cultural advantages may be too much because of high prices and high taxes.

The average retirement couple cannot afford such costly mistakes. Where to live is determined by such factors as income, savings, cost of living, and, often, the opportunity to earn extra needed income.

If you are looking for a retirement home, look carefully and long. Consider the price of property or rental costs; state and local income and sales taxes, property taxes. All of these combine with food and service charges to make up the cost of living in that area. If your budget is limited, an area which offers all the desired recreational and cultural advantages may be too much because of high prices and high taxes.

Look carefully before you leap.

## 1972 Chevrolet. Building a better way to see the U.S.A.

Caprice Coupe illustrated at Mt. Rushmore in South Dakota.

**We want your new  
Chevrolet to be the best car you ever owned.**

The best. No qualifications. No reservations. We want it to be the most beautiful, most trouble-free, most comfortable car you ever owned.

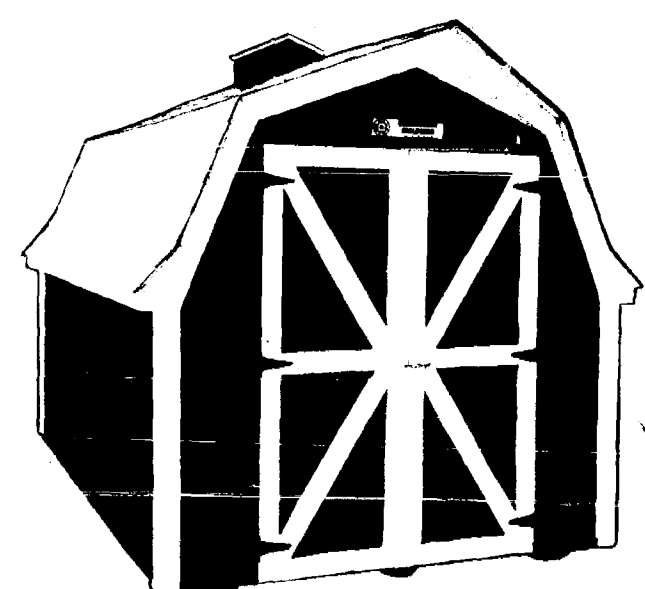

So we've given the 1972 Caprice (above) power steering, power front disc brakes, refined power ventilation and an improved front bumper to provide added front-end protection.

Plus a 400-cubic-inch V8 engine and Turbo Hydra-matic automatic transmission.

All standard, as you expect with a luxury car. And Caprice is but one of the new Chevrolets. There are 45 in all: pictured below (left to right) are the 1972 Monte Carlo, Chevelle, Nova, Camaro and Vega.

Altogether, a lot of diversity. So there's bound to be a Chevrolet just right for you, your family, your budget and your kind of driving.

Whatever your choice, we want your new Chevrolet to be the best car you ever owned. No less.

## Consumers Want to Know

by MARGARET SPADER  
Director of Consumer Affairs  
National Association of Manufacturers

How can you tell if home-canned foods are safe to eat?

If the seal of the lid has been broken, and if the food foams or has an off-odor, destroy it. It's a good idea to bring home-canned vegetables to a rolling boil, then cover and boil for at least 10 minutes. Canned spinach, corn and home-canned meat or poultry should be boiled 20 minutes in a covered pan before tasting.

Most food authorities recommend using pressure cookers for home canning. I've had considerable success with the boiling water bath, over many years. Who's right?

Fruits, tomatoes and pickled vegetables can be processed safely in a boiling water bath because they contain acid which inhibits the growth of bacteria. The bacterial spores of Clostridium botulinum, however, will not be killed at temperatures produced in a boiling water bath or in an oven, a steamer without pressure or an open kettle. That's why non-acid foods such as corn, green beans, peas, meat and poultry must be processed under pressure.

Does freezing sterilize food?

Freezing does not kill bacteria in food. It only stops their multiplication. After thawing the bacteria will resume multiplying. That's why it's important to freeze only high quality food with a minimum of bacteria. After thawing, foods should be cooked promptly.

What foods are most susceptible to bacteria growth?

Non-acid vegetables and mixtures that contain sauces and gravies, such as cooked meats and poultry favor the growth of bacteria causing disease. When preparing such foods for the food freezer, it's a good idea to prepare the foods quickly and handle as little as possible as bacteria are spread by handling.

## School Board Minutes

September 13, 1971

The meeting was called to order by Secretary, James Madill, at 7:30 p.m. Members present were: Kolka, Smock, Madill, Burns, Johnson. Members absent were: Joseph and Harwood. Also present: Mr. and Mrs. Thane Henderson.

The minutes of the last regular meeting and the minutes of the special meeting were read and approved.

Mr. Joseph and Mr. Harwood arrived and President Joseph conducted the balance of the meeting.

State Aid was discussed and Superintendent Stripe read the following letter that he sent to the teachers:

"As you all know, the Legislature passed and sent to the Governor a State Aid Bill recommending a payment of \$559.50 per child less 14 mills deductible.

Our S.E.V. per child this year is \$21,176.00 with an estimated 1,020 students. This will vary according to the exact number of students in the fourth Friday after Labor Day.

With a gross payment of \$559.50 and net State Aid per child would be \$263.00 or \$24.00 less per child than last year.

They do have a Grandfather Clause that reads: "No school district shall receive a smaller net allowance per membership pupil for 1971-72 than was received by the district in 1970-71 after reductions made by executive order except that no more than \$10,000,000 shall be distributed under this provision."

At one time the grape vine stated the Grandfather Clause would be paid out at 80%. If that happens we would lose 20% of \$24.00 or \$4.80 per child.

Not a happy story for Monday morning but it is the best I can do at this time."

Joseph Stripe, Superintendent Bills were discussed and it was moved by Kolka and supported by Burns that bills 3795 through 3852 be approved for payment.

Motion carried.

The need to borrow money to supplement State Aid until 1971 taxes start coming in was discussed by Superintendent Stripe. It was moved by Kolka and supported by Smock that the Board borrow up to \$75,000.00 against anticipated tax returns.

The Board discussed at great length three major problems which are:

1. Enrollment of students not living with parents.

2. Student requirements for class status.

3. Dance regulations.

The following suggestions were presented and approved by the Board:

1. Enrollment of students not living with parents.

Due to the large amount of discipline problems caused by students who do not have the benefit of supervision by parents, legal guardians, or relatives, the Crawford AuSable School District is not obligated to accept students not residing with parents or legal guardians.

In special situations upon approval of the Principal, Superintendent or Board of Education, students with extenuating circumstances may request special permission to attend Crawford AuSable Schools, and live with persons other than parents or legal guardians.

2. Student requirements for class status.

In order for a student to be classified as a Senior, a student must have ten credits and be registered for 7 credits. It must be the fourth year of registration in a secondary school. Students not meeting the above requirements must have special permission from Mr. Batway and Mr. Bovee to be considered as part of the Senior Class.

Students considered Juniors must have acquired six credits and be registered for six classes during the current year. It must be the third year of registration in a secondary school. Students not meeting the above requirements must have special permission from Mr. Batway and Mr. Bovee to be considered as part of the Junior Class.

Students considered to be Sophomores must have acquired three credits and be registered for three classes during the current school year. It must be the second year of registration in a secondary school program.

Students not meeting the above requirements must have special permission from Mr. Batway and Mr. Bovee to be considered as part of the Sophomore Class.

3. Dance regulations.

The enrollment of grades 7-12 this year is expected (by me) to be in the neighborhood of 950 students. Last year we had about 840 students and our dances averaged between 250 and 300 students.

Some of the problems that arise at dances stem from having people in attendance who are not students at the Crawford AuSable Schools. Some of the problems arise from having minor high students in attendance at the same dance with high school students. Since the responsibility of making sure these dances are a wholesome place for our young people to visit falls on me, I would like to ask for Board approval on the following dance regulations.

## SENIOR HIGH SCHOOL DANCES

(All dances except formal dances)

1. Only Grayling students in grades 9-12 and their date of the opposite sex may attend.

2. Anyone who has been drinking alcoholic beverages will be asked to leave the dance.

3. Anyone smoking at the dance will be asked to leave.

4. Anyone involved in rowdy behavior, fighting, etc., will be asked to leave the dance.

5. All dances will be held in one of the gyms on the school grounds.

6. Any student asked to provide proper identification who can't or refuses will be asked to leave.

7. Any student who is asked for proper identification and can't or refuses will be asked to leave the dance.

A name for the new High School was discussed and tabled until the next meeting.

These minutes were read and approved.

The meeting adjourned at 9:30 p.m.

## CITY OF GRAYLING

### ORDINANCE NO. 71-2

AN ORDINANCE TO AMEND ORDINANCE NO. 70-5 OF THE CITY OF GRAYLING.

THE CITY OF GRAYLING ORDAINS:

Section 1. Sections 10(c) and 16 of Ordinance No. 70-5 of the City of Grayling are hereby amended to provide as follows:

Section 10(c) No assessment roll shall be confirmed except by the affirmative vote of four members of the city council if, prior to such confirmation, written objections to the proposed improvement have been filed by the owners of property who will be required to bear more than fifty per cent of the cost of the improvement.

Upon confirmation of any special assessment roll, the city council shall determine the number of installments, not to exceed twenty, in which the assessment may be paid, the date or dates upon which the installments shall be payable and shall determine the rate or interest to be charged on installments and the date upon which interest shall commence. The clerk shall endorse the date of confirmation upon each special assessment roll. Such roll shall, upon confirmation, be final and conclusive.

Section 16

Special assessments; installments, due date; interest - In addition to the principal amount of each annual installment, there shall be added thereto and collected from the special assessment roll by the treasurer as a part of each installment, the interest due on the entire unpaid balance of the special assessment computed to date upon which the installment is due; provided, that when an annual installment shall have been prepaid as herein provided, then there shall be due and payable on said date, only the interest upon the unpaid balance of the special assessment. In collecting each installment from the special assessment roll, the city treasurer shall have the same rights and remedies as provided in the charter for the collection of taxes. If any annual installment, the interest thereon or the amount due annually as interest on the unpaid balance of the assessment due in a year as herein provided, shall not be paid before the date when due, the amounts thereof shall be reported by the treasurer to the assessor and such amounts, together with a charge of six per cent of the amount of the installment and unpaid interest, shall be added to the July tax roll.

Section 2. Sections 12, 14 and 15 of Ordinance No. 70-5 of the City of Grayling are hereby repealed.

Section 3. This ordinance shall be published by the clerk as required by the Charter and shall be effective September 26, 1971.

Derek McEvers, Mayor

William Valuek, City Clerk

I hereby certify that the foregoing ordinance was adopted by the Grayling City Council at a Regular Meeting held September 13, 1971.

William Valuek, City Clerk

LEGAL NOTICE

Foreclosure of Mortgage

Default having been made in the condition of a certain mortgage made the 21st day of January 1963 by JAMES H. VERLIND and BARBARA F. VERLIND, his wife, as mortgagors to THE GRAYLING STATE BANK, a Michigan Corporation of Grayling, Michigan, as mortgagee, and recorded on January 22, 1963 in the office of the Register of Deeds for Crawford County, Michigan, in Liber 72 at page 114; on which mortgage there is claimed to be due and unpaid at the date of this notice, One Thousand Four Hundred and Five and 13/100 (\$1,405.13) including interest; and unpaid taxes for the years 1969 and 1970 in the amount of One Hundred and Eight and 95/100 (\$108.95) plus interest and fees; no suit or proceeding at law or in equity having been instituted to recover the debt, or any part of the debt, secured by said mortgage, and the power of sale in said mortgage contained having become operative of such default.

## NOTICE OF MORTGAGE SALE

Default having been made and said defaults having continued for a period of more than thirty days in the conditions of a certain mortgage made by LARRY C. CARL and MONA B. CARL, his wife, of Saginaw County, Michigan, to HOWARD I. CHAUVIN and ELLA S. CHAUVIN, his wife, of Saginaw County, Michigan, dated October 4, 1967, and recorded June 28, 1971, in Liber 110 on pages 289-290, in the office of the Register of Deeds of Crawford County, Michigan, and said mortgagee having elected under the terms of said mortgage to declare the entire principal and accrued interest thereon due, which election they do hereby exercise, pursuant to which there is claimed to be due and unpaid on said mortgage the sum of \$6,169.23, and no legal action having been instituted to recover the debt secured by said mortgage or any part thereof.

Now therefore, by virtue of the power of sale contained in said mortgage and pursuant to the statutes of the State of Michigan in such case made and provided, notice is hereby given that on Thursday, the 28th day of October, 1971, at ten o'clock in the forenoon, at the front steps of the Court House in the City of Grayling, Crawford County, Michigan, that being the place of holding Circuit Court in said County, said mortgage will be foreclosed by a sale at public auction to the highest bidder of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due as aforesaid, and any sum or sums which may be paid by the undersigned at or before said sale for the taxes and/or insurance on said premises, and all other sums paid by the undersigned with the interest thereon, pursuant to law and to the terms of said mortgage, and all legal costs, charges and expenses including an attorney's fee, which premises are described as follows:

That part of the West 402 feet of the North Half of the Northwest Quarter of the Southwest Quarter of Section 26, Town 27 North, Range 1 West, that is situated East of its West 124 feet, and South and East of the middle thread of the main channel of the North Branch of the AuSable River; except that portion situated North of a line that is extended East 15° 30' South and West 15° 30' North through a point on the East bank of said stream that is located 153 feet South of the West Quarter post of said Section 26; thence East 3° North a distance of 294.5 feet; together with a right-of-way for ingress and egress 30 feet wide running East out of the premises herein conveyed along the North line of property adjacent on the South and across the North Half of the Northwest Quarter of the Southwest Quarter of Section 26, described above, to the West 1/4th line of said Section; thence South along said 1/4th line and West of it to the public road along the South line of said Section 26; reserving, however, out of this conveyance, a right of way for ingress and egress for the owners of property adjoining it on its West, said easement to be 30 feet in width and situated along the North line of the property adjacent on the South, all in the Township of Lovells, Crawford County, Michigan.

The redemption period will be six months from the date of the sale.

DATED: July 20, 1971.

## Editor's Mailbox

September 13, 1971  
Mr. Howard Madsen, Editor  
Crawford County Avalanche  
Grayling, Mich.

Dear Mr. Madsen:

Because of the total lack of responsibility on the part of our State Legislature, it has become apparent to a host of groups in this State, that in order to gain reform and equity for all concerned on the matter of Abortion, that once again the citizens of our community must go through the laborious, costly steps of a public referendum.

I have been asked to be a County Co-ordinator by the Michigan Coordinating Committee for Abortion Law Reform. Beginning Sept. 15th, we will attempt to raise some 250,000 signatures in this State in order to put the question before the people as soon as possible. Some 70 different organizations are supporting this drive including the Michigan State Medical Society, Mich. Assoc. of Social Workers, 21 different religious bodies and groups, labor organizations, the PTA, and the U.A.W.

With more than 500 women a month leaving our State for New York and other places because of the need for abortion, I think it is high time that we allowed the woman her own choice in this highly personal matter. As a two year member of the Michigan Clergy Counseling Service for Problem Pregnancy Counseling, I can assure the citizens of Crawford County that ninety nine percent of the women who seek abortion do not do so lightly. They have agonized over the decision. Some choose to allow the fetus to go full-term. Others because of danger to the child, age of the parents, age of the mother — teenager, continue on to have an abortion. In every case which I have counseled, abortion was by far the preferred solution in terms of the child's future, the mother's future, or the future of our country.

Abortion is not being called for as a means of population control, but rather as a means given by God because of man's intellect and medical knowledge, to end a problem before it becomes living or serious to all concerned.

The question that will appear on each petition is simply word-

ed: "All other laws to the contrary notwithstanding, a licensed medical or osteopathic physician may perform an abortion at the request of the patient if the period of gestation has not exceeded 20 weeks. The procedure shall be performed in a licensed hospital or other facility approved by the Department of Public Health."

There are three ways that citizens of Crawford County can help. First is to volunteer to circulate a petition in your community and among your neighbors, or at one of the petition centers we will set up in town. Secondly, you may wish to support this program with financial help. A check made out to the Michigan Co-ordinating Committee for Abortion Law Reform and mailed to me will be used solely for this campaign. Finally, you can help to educate your neighbors in the facts about abortion. Facts which I will gladly share with you. Or get your organization to call upon me to come and speak to them about the facts concerning abortion.

Remember — anyone who is 18 years old or older and who is registered to vote may participate in this petition drive.

Mr. Editor, I want to thank you for your help in the past in seeing that our community is informed about this and other important matters relating to us all.

With personal regards,  
Paul C. Frederick

To Grayling Avalanche:  
I read about disgusted in your paper. I agree with him. I rented my trailer in Prudenville for \$100.00 a month. Let her in with no rent until she got her check. She paid \$50.00 on the 12th. I let her move in the 7th, now she is in over a month and no rent paid. They keep the rent money but don't pay. So I had to serve papers on her to get her out. I wrote to A.D.C. so far no answer. They should pay to the owner of the home not to them. Her folks live in Frederic and get A.D.C.

Elizabeth G. Browning, daughter of Mr. and Mrs. Robert C. Browning of Arnold, Md., and John K. Mason, Jr., son of Mr. and Mrs. John K. Mason of Grayling were united in marriage on Saturday, Sept. 4. The ceremony took place in a natural outdoor amphitheater in Middlebury, Vt., and was performed by Chaplain Charles P. Scott before some 100 guests.

Guitar music was provided by Brian Curry. Selections presented were Beethoven's "Ode to Joy" and Byrd's "You Ain't Goin' Nowhere."

The bride, given in marriage by her father, wore her grandmother's 70 year old dress of batiste and handmade lace with a yellow sash. She wore daisies in her hair and carried a bouquet of daisies and cornflowers.

Miss Barbara C. Browning of Arnold, Md., was her sister's maid of honor and Miss Cathy Ann Mason of Grayling, sister of the groom, was bridesmaid. Both wore long flowered skirts with yellow peasant blouses and

daisies in their hair. They carried bouquets of yellow and white daisies.

Michael Mason of Grayling served as his brother's best man. Charles Browning of Arnold, Md., brother of the bride, was the usher.

A reception followed at Waybury Inn, East Middlebury, Vt. A buffet lunch was served.

For her daughter's wedding, Mrs. Browning wore a deep rose silk shantung sheath. Mrs. Mason wore an orange jersey suit. Both wore gardenia corsages.

For her going away attire, the bride wore a pink cotton print dress. Following a three week camping trip through Canada and to Colorado, the young couple will make their home in Fraser, Colo.

The new Mrs. Mason is a graduate of George Mason High School, Falls Church, Va., and Middlebury College, Middlebury, Vt. Her husband graduated from Cranwell School, Lenox, Mass., and Middlebury College, Middlebury, Vt.

## Total Lake Development Contributes to Eutrophication

The total development around the lake contributes to lake's ageing. Dwellings five to ten miles from the lake have some affect upon how the lake will be used. People living in those dwellings use the lake resources for fishing, swimming, boating and skiing.

The dwellings nearest the lake contribute the greatest amount of nutrients. But, people living further from the lake present people pressure at the water front. This often times creates congestion at road ends and other limited public access sites.

One township supervisor would like to see each new subdivision buy access to the lake for its residents. "After all," he states, "people buy lots in the developments to be near and use the lake." If they do not provide access to the lake the people clamor over private property and over crowd the road ends.

Nobody has come up with a figure indicating how many people a certain lake can supply with a happy recreational experience. No figure is possible because they may seem crowded to one person and may seem like wide open spaces to others.

I think we all realize, however, that each additional person on the lake lessens the pleasure of at least lessens the freedom of each of the others.

How far from the lake do dwellings contribute to the nutrient content of the lake? This

varies of course, but some interesting facts will come from the particular study Kenneth Childs is making. He is tracing the flow of nutrients in the ground water table by means of well points and water testing. Once the nutrients reach the ground water two miles or further away, eventually they would enter the lake or stream.

As the Inland Lake Study team put it "Lakes start ageing the minute they are formed. Man hastens eutrophication."

As the number of people in increase, eutrophication process increases. Man must seek ways of slowing down the process or lose a lake.

**RULING ON COLLEGE VOTING COMES AS NO SURPRISE**

It came as no surprise to capital observers when the Democrat-oriented Michigan State Supreme Court ruled that college students must be allowed to vote where they are attending school.

Polls have consistently shown that a majority of college students lean toward the Democrat party. The ruling provides Democrats with large concentrations of potential party voters.

The ruling, however, also provides potential danger for property owners in cities like East Lansing, Ypsilanti, Kalamazoo, Mt. Pleasant, Ann Arbor and Marquette where large concentrations of college students can, if they wish, outvote regular residents.

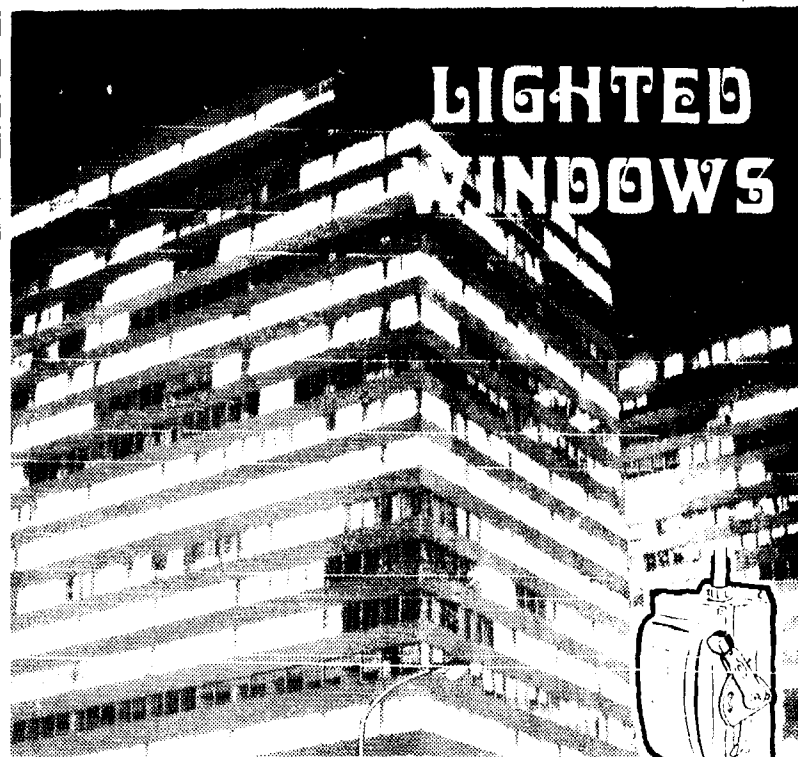

It is not difficult to recognize that students could gang up and take control of city councils, vote prohibitive taxes for unsound social schemes, since they have nothing to lose, take their diplomas and head back home—leaving regular residents saddled with taxes they can ill afford to pay.

Bernard Apol, State Elections Director, also sees the possibility of college students voting both in their home communities and in the towns where they temporarily live while attending school.

U. S. Attorney General John Mitchell points out that giving college students the right to vote in their temporary residences discriminates in their favor against the eight million servicemen who are also temporarily away from home.

But in Michigan, the Supreme Court has spoken and that is the law unless it is overturned by appeal to a higher court.

## Attend The Church Of Your Choice

## LIGHTED WINDOWS

It's after hours. Yet most of the windows are bright. Perhaps the cleaning crew is at work, or a few executives catching up on their mail.

Whatever the reason, the lighted windows glow with purpose. The dark windows are blank, austere and forbidding. What difference one flick of a light switch can make!

People are like the windows of this building. Some, radiant with the joy of living, find days full, happy and useful. They are fun to be around. Others, gloomy and sad, find life lonely and meaningless. Their company is tedious.

What makes the difference? Where can you turn if life seems troublesome? You can't flick a switch to change an attitude.

The secret is in your church. Worship and study there, and welcome the living presence of God into your heart and mind. Your whole life will be lighted and your days filled with new happiness.

Of Michigan's 98 permanent deer management areas, the 64 shown here will be open to antlerless deer hunting during the state's Nov. 15-30 firearm season on whitetails. Hunters are reminded that Sept. 30 is the deadline to postmark applications for permits to hunt antlerless deer in these areas where the collective take of these animals is expected to total about 19,000. Sportmen may pick up permit application forms at local license dealers when they buy their 1971 firearm deer licenses. Instructions for filling out those forms are carried in copies of Michigan's rules for deer and bear hunting, also available at license dealers.

State-wide, 89,500 antlerless deer hunting permits are offered for this season. Of those, about 32,920 will go for Upper Peninsula hunters whose expected take of antlerless deer is scaled at 6,120 animals. For the northern Lower Peninsula, where this fall's antlerless kill quota has been chopped nearly in half from 1970, some 47,340 permits are open to applications. The harvest quota for that region is 8,760 antlerless animals. Some 19,240 permits will be issued to hunters in southern Lower Michigan where this season's antlerless deer take is programmed at 4,140 animals.

## Cadillac '72

Sedan de Ville, more luxurious than ever. There's every reason to believe that Sedan de Ville will continue to be the luxury car model enjoyed by more motorists than all others. It has the look of luxury—from its distinctive new grille to the new jewel-like interior metal surfaces. It has the feel of luxury—with even more comfortable seating. It has more of what adds up to lasting value. Like Cadillac's new bumper system for increased front-end protection. Sedan de Ville—more than ever the popular choice.

One great car after another.

Eldorado, even more distinctive for '72. There's the incomparable Eldorado Coupe and the stunning new Eldorado Convertible, the only luxury convertible built in the land. They are even more elegant, even more exciting. Some things we didn't change. Such as the 8.2 liter V-8, the world's largest production passenger car engine. The precise handling of front-wheel drive and variable ratio power steering. The Eldorados of 1972 are more than just the world's most elegant personal cars.

Out of the past, the new Fleetwood Seventy-Five fine passenger Sedan. Finally, there's the Seventy-Five limousine, the only limousine built in America specifically designed as a limousine. Cadillac '72 is one great car after another. Because Cadillac does not reject the past, but

builds on it carefully. With Fleetwood coachcraft by Fisher. With styling continuity and contemporary flair that tells you at a glance that this is Cadillac. See for yourself at your authorized Cadillac dealer.

The Standard of the World still stands alone.

To The Crawford County Community:

On behalf of the employees of Bear Archery, I would like to express my thanks for the fine response to the fire at the Bear plant Saturday.

To the Grayling and Frederic Volunteer Fire Departments and the units from the Michigan National Guard..... for prompt and efficient response to the blaze and for confining the fire to the magnesium handle processing area.

To the Grayling City Police and the Crawford County Sheriff's Department.....for effective crowd control and keeping areas open so that the fire fighting units could do their work.

To the employees of Bear Archery who were on duty at the time.....for evacuating the main building in an orderly fashion and for offering assistance wherever and whenever asked.

While the temporary loss of our magnesium handle manufacturing area is unfortunate, we are happy that no one was hurt. We are planning on rebuilding the damaged area just as soon as necessary investigations are completed.

Sincerely,

Richard Milliman

## District Attorney Plan Has Merit

Why does Michigan elect its prosecuting attorneys on a county-wide basis?

For no logical reason, in light of today's legal needs throughout the state, in the view of Frank J. Kelley, Michigan attorney general.

So Kelley has suggested an alternative: Replace the present prosecutor system -- where a prosecuting attorney is elected in each of Michigan's 83 counties -- with a new statewide district attorney plan.

This, said Kelley, would "make better use of legal talent in Michigan's war against crime."

The Kelley idea would require a constitutional amendment, because the office of county prosecuting attorney, like most county elective offices, is provided in the state constitution.

Under the Kelley plan, the state would be divided into districts, and each district would elect its own district attorney.

"The purpose of this amendment primarily would be to meet the problem of small counties which are unable to sustain full-time prosecutors," Kelley explained.

These smaller counties would be combined into a district which could maintain a full-time legal eagle. The salaries, set by the state, would be equal to those of circuit judges, who receive a minimum of \$24,000 and a maximum of \$35,000 a year now, with joint state-local participation usual.

Few counties in Michigan now pay their prosecutors anything approaching those figures, and few even have full-time prosecutors. Most elected prosecutors now supplement their prosecutor income with private law practice -- or more usually, supplement their private income with the prosecutor's pay. Kelley wants to do away with the supplements, either way, to "avoid the distractions from public duties that outside pursuits entail."

He's got a point. In addition, many smaller counties face the serious problem of finding a lawyer -- and lawyer -- to take on the sometimes onerous task of being the prosecuting attorney.

A couple of counties just before the last election had to enter young attorneys from the big cities to move into new areas, with the promise they would become prosecutors, for whatever it was worth.

In some counties, the task is handed around from lawyer to lawyer, with the younger lawyers all having to serve their two terms of four years in public office, much like being a PTA president.

All in all, the way the prosecutor's office is filled in too many counties is shortchanging the public. The prosecutor holds a mighty sensitive and mighty important office, and it should attract the cream of the crop of eligible attorneys. Unfortunately, it doesn't in most cases.

"The adoption of this program of reform would provide better service to the public, and I feel, would ultimately save the taxpayers large sums of money," Kelley said, in unveiling the idea a couple of weeks ago.

"It would mean that the office of district attorney would be attractive to experienced and qualified attorneys, rather than serving as a training ground for the youngest attorney in the area."

Kelley's district attorney plan deserves close attention. On the surface, it appears to us to make a lot of sense. I could give the office of district attorney the status that the circuit judge's job now holds; in many ways, the prosecutor's position is as important as the judge's, and it should not be filled nor handled in a back-of-the-hand manner.

Kelley outlined his proposal before a combined meeting of the Michigan Prosecuting Attorneys Association and the National Association of District Attorneys.

For some reason, his audience did not jump to its feet in unanimous endorsement of the proposal.

One can only wonder why.

## your week ahead

BY DR. A.W. DAMIS

Forecast Period: September 27 - October 4

ARIES

Mar. 21 - Apr. 19

It seems as though you will be seeing things on the brighter side. Most members of your sign have developed an "emotional muscle" toward a chronic problem.

TAURUS

Apr. 20 - May 20

According to your chart, a long range plan will go astray. Most important, take care: You are inclined to be impulsive with the opposite sex.

GEMINI

May 21 - June 20

Take the "sword out of your belt." Your sign, more than the others, has the inclination to provoke an argument.

MOONCHILD

June 21 - July 22

Apparently, several opportunities will be coming your way. Stellar patterns urge that you take action.

LEO

July 23 - Aug. 22

Unforeseen circumstances, according to your chart, might delay your job, project or mission. The point is: Use a new and more determined approach.

VIRGO

Aug. 23 - Sept. 22

Things should be on the plus side for most members of your sign -- especially with the opposite sex.

LIBRA

Sept. 23 - Oct. 22

Being over emotional could entangle you in a "cat and mouse situation" that might curtail your long range plans.

SCORPIO

Oct. 23 - Nov. 21

During the present cosmic cycle, many members of your sign will turn the tide of adversity into total victory.

SAGITTARIUS

Nov. 22 - Dec. 21

It's unlikely that you will be making any mistakes in the next few days. Your psychic and intuitive powers are at a high level.

CAPRICORN

Dec. 22 - Jan. 19

Ironically, it appears that a few of your "do good" actions will backfire. Good intentions, might be your downfall.

AQUARIUS

Jan. 20 - Feb. 18

Ever so many members of your sign will find this period to be the time when there's a drastic leak in the budget.

PISCES

Feb. 19 - Mar. 20

Oh boy! The planets Neptune and Jupiter will be giving you a hard time in affairs of the heart. So, lay low and keep cool.

Can one child make a difference to population growth? Yes, indeed, says the National Commission on Population Growth and the American Future.

In an interim report, it states that if families today average three children, by the year 2000 elementary school enrollment will be 50 per cent greater than if they only averaged two children. And it will require more than one million extra teachers to educate them.

However, if families average one child, then in 10 years there will only be 43 per cent of the population now under 10 years of age. Such a small generation could have disruptive effects on the school system and eventually on the labor force as well.

The Commission, composed of Congressmen, university professors, civic and business leaders and medical men, was appointed by President Nixon to make a two-year study of the relationship between population growth and the quality of American life.

While not painting a crisis picture for the United States, the Commission's report does stress the importance of population growth.

Every day, our population increases about 6,000, which means more than two million persons a year. With the population now about 200 million, by the year 2008 we can reach 300 million at the present rate of growth.

The interim report points out that "to consider population growth as the root of our nation's social and environmental ills is clearly simplistic." The rise in per capita consumption and technological mismanagement seem to have contributed more to environmental pollution than the rise of the total population. However the report adds "we must recognize that population growth is an intensifier or multiplier of many problems impairing the quality of life."

STAND-BY TO ASSIST - Three fire fighting units from Camp Grayling and the Frederic Twp. Fire Department were called in to help the Grayling fire department in case the fire at Bear Archery last Saturday got out of hand. The blaze was brought under control within three hours. (Avalanche Photo)

## BITS O' TALK

Mr. and Mrs. William Barrus, who have been visiting his parents, Dr. and Mrs. R. L. Barrus, and her mother Mrs. Grover Cox and other relatives for the past couple of weeks left Monday for their home in Bothell, Wash.

Doug and Pat Fremow of Rochester, N. Y., were here visiting her parents, the Harry McEvers recently. The two couples accompanied by the latter's grandson Scott McEvers and his friend, Steve Harland and Debra Casey, Scott's cousin, spent a week at Trout Lake, Canada.

## HORSE RIDING WINNERS NAMED

Winners of the Chandra Club trail and pleasure class competition held on Sunday, Sept. 19, were 1st place Mike Rolph of Holly; 2nd place, Rob Pollard of Montrose and 3rd place, Paula Holiday of Bay City. This was the fifth of 13 events being held every weekend through Nov. 13. Riders and horses participate in combination trail and pleasure class competition. All trail class activities are decided upon by a committee of qualified people weekly in order to provide variety and suspense both to the rider and horse. Classes are designed to accommodate riders of any age or experience level. Outside judges are brought in from 4-H clubs and professional riding associations. Riders hope to accumulate enough points to win the Chandra All Around equitation award.

## Lay Witness

(Continued from Page 1)

planning for over two months for this weekend. Some 100 lay people are involved in organizing the congregation and inviting the community to this weekend experience. The mission will actually begin with 24 hour prayer vigil the day before. Then on Friday evening, Oct. 1, a 6:30 pot-luck dinner is planned to which the whole community is welcomed. At that time, these twenty men, women, and youth, who live the same life that every one of us must live, but who have found a power and a new dimension for living, will begin to share around the dinner table what it means to be tuned in and turned on by God.

Saturday will have a host of different events, ranging from Koffee Klatches, luncheons, and a question and answer period. Then the mission will climax with three great services. First will be the two regular Sunday morning services of worship at 8:30 and 11:00 a.m. led by Mr. Saucerman and his team. Then that evening at 7:30 p.m. everyone will gather at the Church to testify to the power of the weekend in their lives and to bind themselves closer to God through Holy Communion service.

## CARD OF THANKS

Thank you to our many friends for your kind expressions of sympathy during our recent loss. A very special thanks to Mr. Sorenson and Mr. McEvers for all their help, and to Rev. Au- miller for his words of comfort and also to the Hobby Club and Morns Club and many others who helped with the dinner after the funeral. All was greatly appreciated. Thanks again.
